

GUAM WEATHERIZATION ASSISTANCE PROGRAM

~Providing ENERGY SAVING SERVICES to eligible clients~

WHAT IS IT?

The Weatherization Assistance Program can help reduce energy costs for income-eligible applicants by improving the energy efficiency of their homes while ensuring their health and safety. Upon qualification, priority will be given to the elderly, individuals with disabilities, families with children, high residential energy users, and households with a high energy burden.

WHAT DOES IT DO?

The Weatherization Assistance Program conducts a full house assessment to determine if your home meets program standards and if it requires any or all of the following:

- Replace Refrigerator
- Replace Air Conditioners (mini splits and /or windows)
- Install Light-Emitting Diode (LED) bulbs
- Apply Weather-strips/door sweeps to seal air leaks
- Install Low-flow Shower Heads and Faucet Aerators
- Install Smoke Detectors and/or Carbon Monoxide Detectors

DO I QUALIFY?

Weatherization services* are FREE to individuals who have met the eligibility criteria based on total household income. Provided below are the income limits based on family size. To qualify, the total household income shall not exceed the maximum income stated below.
